PRODUCT PROFILE

Easy Cut 2000

Description:

*If **productivity** is your #1 concern, this is the box cutter for you!*

Easy-Cut 2000 has the same benefits and safety features as the Easy-Cut 1000, but several new design enhancements have been added. Features include the patented radius-blunt tip blade and multiple settings, ergonomic handle that extends and retracts the blade naturally, unique snap-on lanyard to prevent lost cutters, and on-board blade storage. In addition, a slight increase in the blade length was added to accommodate imported boxes that may be damaged or more difficult to cut. A tape splitter was also built into the end of the knife to allow quick-action tape cuts that don't require a sharpened blade. This knife was intended primarily for top cuts, the edge guide automatically deploys when the cutter is removed from the holster – instantly setting the knife into motion for work to begin!

This improvement reflects the ADCO commitment to continually reduce repetitive thumb motion in the Easy-Cut line.

Tech Specs:

Use:	Opening/cutting boxes
Materials:	97% nylon, 3% glass fiber
Mechanism:	Carbon Steel (spring) heat treated
Dial:	Metal shaft steel, plastic/nylon coated
Color(s):	Unit (Black); Handle (Yellow, Red)
Dimensions:	7"L x 1.5"D x 2"H
Unit weight:	3.2 oz (60 g)
Units per case:	144
Case weight:	34 lbs (15.88 kg)
Case dimensions:	16.125" x 13.25" x 12.875"
Case cube:	1.59 cubic feet
Cases per pallet:	36
Pallets per truck:	26
Ships from:	China
Item number:	09700
